

*Together in*

# *Rome*

*01 October - 08 October 2027*

*Dear students, esteemed teachers, dear parents!*

The first stage of a journey is called excitement. It is followed by joyful anticipation and careful preparation, and then at last the journey begins.

In the autumn of 2027, Realschule Diepholz, as a school community, will set off for the "Eternal City".

Countless artistic geniuses have shaped the cityscape. Anyone who has experienced Rome loves this city and never forgets it. All students, teachers and staff will be travelling together for 8 days.

The Italians call their capital "ROMA", and if we read this name backwards, it becomes "AMOR". And indeed, it seems that the god of love, "Amor", has repeatedly exerted his influence on the development of this city from the founding of Rome to the present day.

#### Date

On Friday, 01 October 2027, we will depart from Diepholz in the afternoon and return home on Friday, 08 October 2027, during the late morning. The trip to Rome therefore lasts 8 days.

#### Journey there and back

We travel in first-class coaches that will bring us safely to Rome (overnight journey). Once there, they will be available to us free of charge for excursions and trips within the legal regulations.

#### Meals during the outward and return journey

For the outward journey, everyone should bring sufficient food and drink. For the return journey, everyone can help themselves at the breakfast buffet and, if necessary, buy provisions at the supermarket.

#### Safety

Safety is the top priority in every aspect of this journey! This is reflected especially in the preparation, the supervision, the way we treat one another, cleanliness and hygiene, food preparation, care, medical support and much more. Safety comes first - always and everywhere!

#### Supervision

The coach groups are supervised by teachers and chaperones from Höffmann Reisen GmbH. The trip is led by the school management as well as Hans and Andreas Höffmann.

#### Medical staff

As with every trip, we are looking for medical professionals for the Rome trip. If there are doctors, nurses or medical assistants among the parents who have the time and would like to join us, please get in touch! Tel. 04441-99200 or [personal@hoeffmann.de](mailto:personal@hoeffmann.de)

#### Accommodation

We will stay at the "Camping Fabulous" holiday complex in the shade of tall pine trees. Fixed accommodations of different sizes are available (2 or 3 bedrooms for 5 or 6 people). Each bungalow has a bathroom with shower and toilet. There are power sockets just like at home. Blankets and bed linen are provided. More information: [www.fabulous.hoeffmann.de](http://www.fabulous.hoeffmann.de)

#### The campsite

The campsite is very well equipped and offers a mini-market, a restaurant, a water park and sports facilities.

#### Together

Who travels with whom on a coach and who shares accommodation with whom will be arranged during the preparation period. The school staff in charge will allocate the coaches and the accommodation.

#### Meals

We will set up a kitchen at the holiday complex, and our kitchen team will provide full board. In the morning there will be an excellent breakfast with fresh rolls, bread, cold cuts, cheese, jam, Nutella, honey, cereal, muesli, milk, cocoa, tea, coffee, juices and water. Everyone can take enough from the breakfast buffet for the day, and in the evening there will be a hot dinner. So that nobody has to go to bed hungry, we will also offer a late-night snack, usually pizza and/or hot dogs. At the meal service in the dining tent there is also a separate serving point for vegetarians and people with allergies!

#### Programme

We will experience Rome, the "Eternal City", and take part in a city tour. We will visit the Vatican, St Peter's Basilica, the Colosseum, the Spanish Steps, the Pantheon, the catacombs, the Trevi Fountain and much more. In the Vatican, we would like to attend the general audience of the "Holy Father" (if the Pope grants an audience).

#### Excursion day

On the excursion day, there is the option of choosing either the ancient ruins of Pompeii and the Benedictine monastery of Monte Cassino or other special sights in Rome. This gives everyone a wonderful choice of important excursion destinations. A visit to Rome's most beautiful district, "Trastevere", completes the programme of the school trip.

#### Admission

As a rule, students enjoy free admission to European cultural institutions. However, there are exceptions, so admission fees should be planned for.

#### Price of the trip

The price of the trip, including all the services mentioned, is €580.00 plus the Roman accommodation tax, currently €15.00.

#### Services included

The trip price includes: outward and return travel, accommodation, full board (as described), programme, excursions, entry permits for Rome, supervision and Höffmann tour management.

#### Not included

Not included in the trip price are meals during the outward and return journey, admission fees, personal pocket money and the Roman accommodation tax.

#### Documents

All travellers need a valid ID card or passport, the European Health Insurance Card and a vaccination card for the trip. We will return to this topic during the preparation period.

**Dear students,  
esteemed teachers,  
dear parents!**

Look forward to this extraordinary journey to the "Eternal City".

For everyone, the shared trip to Rome will become an exciting and enriching experience. Each and every individual will continue to benefit from it positively long after the trip. "Being there is a great gift!"

**We wish everyone a good trip!**
